

EVENT RENTALS

HOST YOUR NEXT EVENT AT SUMMERSTAGE IN CENTRAL PARK

ABOUT SUMMERSTAGE

The Capital One City Parks Foundation SummerStage Festival is New York's largest, free outdoor performing arts festival running annually from May - October. Each year, we present nearly 90 performances by artists of the highest quality across multiple disciplines and genres to over 210,000+ New Yorkers in 15-18 neighborhood parks. From iconic performers to the latest up-and-coming artists, we present indie and Afrobeat, salsa and soul, jazz and contemporary dance, and everything in between.

SummerStage's flagship Central Park venue is located at Rumsey Playfield, 72nd Street and Fifth Avenue. In 2019, our 5,500 capacity venue underwent an extensive \$6 million upgrade, transforming the space into a state-of-the-art concert facility. With a location in the heart of New York's Central Park, there are few comparable outdoor event experiences. SummerStage's unique location and stunning setting, combined with a world class performance experience, is unmatched.

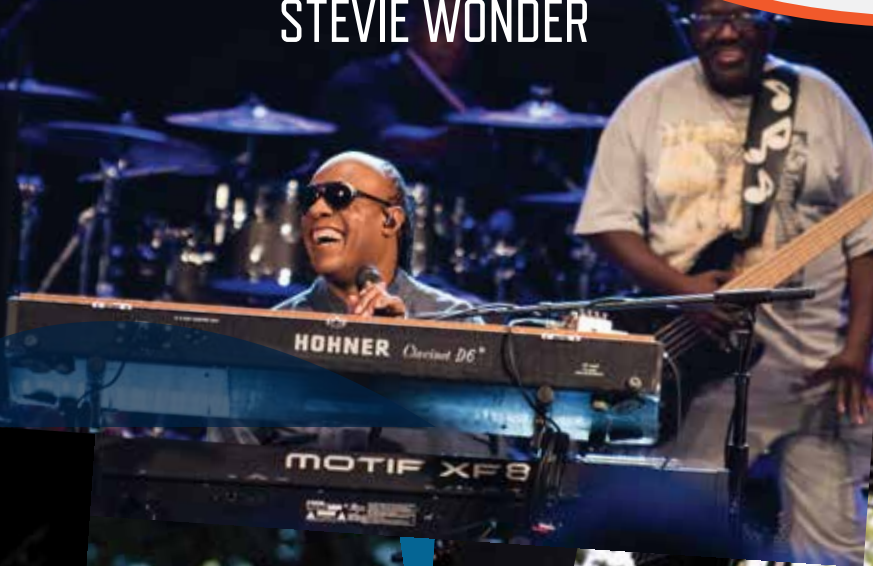

Hosting your event at SummerStage provides access to one of New York's most beloved outdoor summer traditions, while helping to sustain a festival that provides free and open access to world class culture for everyone. All event fees help ensure that SummerStage remains free and accessible to thousands of New Yorkers all around the city.

Reopening in 2019 after a substantial refurbishment, SummerStage's Central Park venue offers an improved performance experience for artists and concert-going experience for guests.

Our renovated venue features new VIP viewing areas; private rental spaces; raised bleacher seating; a top-of-the-line sound system; and enhanced lighting design.

Events may bring in their own caterer, or may choose to work with our venue's concessionaire, who can provide full catering packages upon request.

Our team is available to answer any questions and provide any additional information.
