### **ABOUT CITY PARKS FOUNDATION**

City Parks Foundation (CPF) is the only independent, nonprofit organization whose mission is to offer programs in public parks throughout the five boroughs of New York City. We are dedicated to invigorating and transforming parks into dynamic, vibrant centers of urban life through sports, arts, community development, and education programs for all New Yorkers. Our programs and community building initiatives -- located in more than 350 parks, recreation centers, and public schools across New York City -- reach 425,000 people each year. Our ethos is simple: we believe thriving parks mean thriving communities.

- We connect youngsters to nature in the urban environment with education programs that provide learning experiences through classroom and hands-on activities in parks, urban forests, coastal areas, gardens, and recreation centers.
- We present the largest free, outdoor performing arts festival in NYC through SummerStage, presenting artists of the highest quality across multiple disciplines and genres, and marionette puppet theater in all five boroughs with our Swedish Cottage Marionette Theatre and the roving PuppetMobile.
- Partnerships for Parks, a public-private program of City Parks Foundation and NYC Parks, supports and champions a growing network of leaders who care and advocate for the transformation of their neighborhood parks.
- Free golf, tennis, track & field, soccer, and fitness programs bring high-quality instruction and equipment into areas where few organized athletic opportunities exist. We offer leveled training, year-round scholarship coaching, and special pro events.

Our ethos is simple: *we believe thriving parks reflect thriving communities.*

### **POSITION SUMMARY**

*Learning Gardens* brings year-round, field, and school-based garden science learning to NYC school children and community members. Our gardens are outdoor classrooms that provide vibrant green space in some of New York City's most densely populated neighborhoods. We operate six gardens in four boroughs. Using our four community gardens, CPF presents engaging interdisciplinary lessons to expand student learning around urban ecology, horticulture, soil science, and sustainable urban food systems. Students in PreK – 8<sup>th</sup> grade and their teachers receive resource materials, curricula, and tools to enhance their understanding of ecosystem services and address the unique challenges of growing food in an urban environment. High School interns are trained in garden instruction and horticultural techniques throughout the spring and then work alongside Learning Gardens staff throughout the summer.

The Seasonal Garden Coordinator and Instructor will be responsible for field operations in our Learning Gardens sites *Grove Hill Garden* in Morrisania, Bronx; *Abib Newborn Garden* in Brownsville, Brooklyn; *Umoja Garden* in Bushwick, Brooklyn; *Pleasant Village* in East Harlem, Manhattan; *Success Gardens* in East New York, Brooklyn; and *Liberty Garden* in Jamaica, Queens. This includes garden maintenance, repairs, coordinating volunteer events, and co-leading urban farming training for students in our high school internship program.

He/she will also be a lead educator at 1 Learning Garden site and supervise up to 12 high school and college interns. The ideal candidate will be an excellent time manager, able to multitask, very well-organized, and an effective communicator.

This is a summer seasonal position reporting to the Associate Director of Environmental Education - Learning Gardens, and will supervise college urban agriculture interns/volunteers and high school interns.

## **REQUIREMENTS**

- Oversee maintenance and operations of our Learning Gardens under the supervision of CPF's Associate Director of Environmental Education with regular visits to ensure proper care of gardens and plants
- Work with the Learning Gardens team to implement seasonal horticultural and maintenance plans
- Collaborate and perform garden maintenance tasks such as equipment inventory, site security, composting, seed starting, chicken care, and greenhouse operations
- Collaborate on garden programmatic and safety needs with front-line educators that use the garden for programming during the school day and after-school hours
- Oversee summer programming and garden maintenance at the designated site including supervising and mentoring high school interns
- Agree to sign a waiver regarding the strict use of training protocols and willingness to collaborate with onsite staff and to manage groups in such a way that students do the same
- Prepare, clean up, and properly disinfect before and after each class
- Ensure that each assigned garden plot is planted out and maintained according to weekly tasks
- Enforce COVID safety precautions including wearing a mask, leading hand-washing, appropriate social distancing, etc.
- Order program-related field garden materials and equipment, and arrange for delivery to garden sites as needed
- Coordinate with NYC Green Thumb when necessary (soil and wood chip orders, garden by-laws, etc.)
- Coordinate tree pruning, facility needs, and operations with NYC Parks and Recreation
- Coordinate, organize, and facilitate seasonal community workshops
- Maintain records, lists, and other administrative documents pertaining to garden sites
- Attend training and community events as needed
- Perform other related tasks or special projects as directed

## **QUALIFICATIONS**

- At least 2 years of garden/farming experience, including some carpentry and building experience
- At least 2-3 years outdoor educational experience, preferably with high school students
- Extensive knowledge in horticulture skills including, but not limited to: plant science, companion planting, maintenance, IPM, composting, chicken-rearing, etc.
- Excellent oral and written communication skills
- Organized, attention to detail, multi-tasker, and good time management skills
- Self-starter who takes initiative
- Experience with conflict resolution
- Must have a valid driver's license with a willingness to travel throughout NYC alone
- Ability to lift 40 lbs and perform strenuous outdoor tasks and work in all weather conditions
- Open availability to work occasional weekends and evenings
- Preferred Associate's or BA/BS degree in a related field, such as Plant Science, Horticulture, Environmental Education, Botany, Soil Science, etc.

**DESIRED QUALITIES**

- Passionate about using urban green spaces to build community
- Committed to working towards equity and access to healthy food and environment for all New Yorkers
- Positive and energetic disposition
- Adaptability and cultural competency needed to work collaboratively with people from diverse backgrounds in terms of race, ethnicity, gender, sexual orientation, class, and religion

**CONTACT**
