ABOUT CITY PARKS FOUNDATION

City Parks Foundation (CPF) is the only independent, nonprofit organization whose mission is to offer programs in public parks throughout the five boroughs of New York City. We are dedicated to invigorating and transforming parks into dynamic, vibrant centers of urban life through sports, arts, community development, and education programs for all New Yorkers. Our programs and community building initiatives -- located in more than 350 parks, recreation centers, and public schools across New York City -- reach 425,000 people each year. Our ethos is simple: we believe thriving parks mean thriving communities.

- We present the largest free, outdoor performing arts festival in NYC through SummerStage, presenting artists of the highest quality across multiple disciplines and genres, and marionette puppet theater in all five boroughs with our Swedish Cottage Marionette Theatre and the roving PuppetMobile.
- Partnerships for Parks, a public-private program of City Parks Foundation and NYC Parks, supports and champions a growing network of leaders who care and advocate for the transformation of their neighborhood parks.
- We connect youngsters to nature in the urban environment with education programs that provide learning experiences through classroom and hands-on activities in parks, urban forests, coastal areas, gardens, and recreation centers.
- Free golf, tennis, track & field, soccer, and fitness programs bring high-quality instruction and equipment into areas where few organized athletic opportunities exist. We offer leveled training, year-round scholarship coaching, and special pro events.

POSITION SUMMARY

Green Girls After School is a STEM-based program that engages middle school girls from NYC public schools in hands-on activities and outdoor adventures in New York City parks and waterways. During our weekly after school program, students explore environmental science and learn about different environmental issues through experiential education, service learning projects and student-centered discussions and citizen science projects.

CPF has created this high school internship opportunity for talented high school students to gain hands-on experience working with youth and explore environmental science education while helping to promote environmental stewardship, community awareness and positive youth development. Selected interns will gain valuable work experience, put their knowledge and skills to practice while learning and developing new skills and being a part of the Green Girls community! Green Girls After School program operates during the school year, after school hours, between (3:00 pm - 6 pm) from February to June, 2022. Each site meets once a week for a total of 12 weeks each semester.

Please note, Greens Girls After School becomes virtual when schools return to virtual learning.

Green Girls High School Interns will...

1. Learn more about urban forestry, water ecology and climate change
2. Receive training in student/group management, lesson development and activity facilitation
3. Develop leadership, peer mentorship and teambuilding skills
4. Provide instruction for small group projects and guide student discussions
5. Gain paid employment experience
6. Make lasting friendships with like-minded individuals

You are qualified to apply for the Green Girls Internship Program if you are...
